

Public Notice: Road Improvement Project

Cape Seal Treatment Scheduled to begin in approximately 2–3 weeks

Work Hours Between 7 a.m. and 5 p.m.

- Montgomery County Residents – The County Highway Dept. has contracted with Pavement Solutions to resurface various roads using a Cape Seal or Microsurface
- Cape Seal is a two-part process involving a Chip Seal followed by a Microsurface
- Chip Seal to be completed in 2 to 3 days. Microsurface will be applied 2 to 3 weeks later.
- The Microsurface roads are a double application; the second application will be applied 1 to 2 days after the first application is completed.
- The following roads/subdivisions will be affected: **Cape Seal:** CR W 150 S from SR 47 to CR 200 W, Lincoln Dr and Woodland Heights Dr. **Microsurface:** Meahme Subdivision and Twin Oakes Subdivision.

Important tips, street start and stopping points affected and schedule updates are available at: www.pavement-solutions.net
